NATION'S CITIES presents here the index for Volumes I and II (1963 and 1964), a total of 14 issues. Basic compilation was made by Madeline Baker, Research Associate, NLC Department of Urban Studies. Only those articles that seem to have continuing reference value are included. The general form of the Reader's Guide to Periodical Literature has been followed. Note: Vol. I comprises three quarterly issues, Spring (Sprg), Summer (Smr), and Autumn (Aut). Vol. II comprises 11 monthly issues commencing with January/February (Ja/F).
